SANJAY KUMAR

IT Project Manager | Full-Stack Developer | Digital Marketing & CRM Automation

+971 56 852 0069 | sanjay.senthilkumar2026@gmail.com | Dubai, UAE | sanjaykumartech19-source.github.io/sanjay-portfolio

PROFESSIONAL SUMMARY

IT project manager and full-stack developer with 7+ years of hands-on development experience (including self-driven projects since school) and 2.5+ years of professional experience in Dubai. Built and shipped production healthcare and CRM platforms end-to-end, deployed and customised Odoo ERP, supported Windows Server and desktop IT, and led development teams. As a school student built a WhatsApp-style secure messenger that earned wide Tamil media coverage and a 100% scholarship. MCA in AI & Machine Learning (91%); Google Project Management certified. Available immediately; UAE employment visa and driving licence.

PROFESSIONAL EXPERIENCE

IT Manager & Project Manager / Senior Developer — Elilhaam Group, Dubai, UAE (Oct 2024 – Present)

- Built and deployed a full healthcare mobile/web platform end-to-end: appointments, health dashboard, family health monitoring, wearable device integration and a tiered membership/paywall system.
- Deployed, configured and administered the company's Odoo ERP: custom modules, workflows and reports in Python, PostgreSQL and QWeb, with ongoing user support, patching and documentation.
- Built and deployed a multi-tenant omnichannel CRM (Node.js, React, MongoDB, Express.js) with real-time messaging (Socket.io) and WhatsApp, Instagram and Facebook integrations.
- Led IT operations and a development team for a healthcare group; recruited 15+ developers and technical staff; directed projects from planning to production, coordinating vendors and stakeholders.
- Manage cloud infrastructure and deployment (GCP VM, nginx, domain/DNS, TLS); lead technical integration with partner healthcare providers.
- Provided Windows Server and desktop IT support across the organisation: troubleshooting, backups, user and access management, and network administration (TCP/IP, DNS, DHCP).
- Designed the UI/UX for the patient-facing app and admin dashboard.

Junior Application Developer — Appzia Tech, Coimbatore, India (Jan 2024 – Sep 2024)

- Developed and published a secure messaging application on Google Play with file sharing, group chats, voice/video calls and conferencing; built a meeting application supporting 200+ participants without server dependency.

RECOGNITION & MEDIA

- Built **Secure Messenger**, a WhatsApp-style chat app with extra features, as a 12th-standard student; featured by **Thanthi TV** and **Sun News** (Sep 2020), **Polimer News**, **The Hindu** and other Tamil TV channels and national dailies.
- Recognised for technological innovation by the Chief Minister of Tamil Nadu and a Tamil Nadu MLA; Best Achiever in App Development (2020); honoured by Sudhesi Iyakkam (2020).
- Awarded a 100% (3-year) scholarship for the BCA programme.
- Selected by KGISL and Thinklance (Bangalore) on completing studies; joined Elilhaam Group, Dubai.

EDUCATION

MCA – Artificial Intelligence & Machine Learning, Jain University (2024 – 2026) – 91%
BCA – Computer Science, Sri Krishna Adithya College of Arts and Science (2021 – 2024) – 85%
