PROFESSIONAL SUMMARY

Versatile Full Stack Developer with 2.5+ years of verified GCC enterprise experience engineering high-throughput backend services in Python and Node.js, modern user interfaces in React.js, and scalable relational database architectures (PostgreSQL, MySQL). Backed by an MCA in AI/ML (91%) and Google Project Management Certification, skilled in microservices, event-driven pipelines (Kafka, Redis), Docker/Kubernetes containerization, and automated CI/CD deployments.

CORE COMPETENCIES & TECHNICAL EXPERTISE

Full Stack Development • Python & Node.js Backends • React.js & TypeScript • PostgreSQL, MySQL & Database Tuning • Event Streams & Queues (Kafka, Redis, Celery) • RESTful APIs • Docker, Kubernetes & CI/CD Pipelines • Cloud Infrastructure (GCP/Nginx) • Financial Transaction Integrity

PROFESSIONAL EXPERIENCE

IT Project Manager & Full Stack Lead (Jul 2026 – Present) — mycare clinic, Dubai, UAE

- Architected scalable full-stack web platforms connecting React.js frontends with high-performance Python/Node.js backend services.
- Designed and optimized transactional database schemas in PostgreSQL, reducing query latency across high-concurrency workflows.
- Engineered event-driven task queues with Redis and automated asynchronous workers for decoupled transaction processing.
- Managed containerized deployments using Docker and automated CI/CD deployment pipelines on Google Cloud VM infrastructure.

IT Manager & Senior Full Stack Developer (Oct 2024 – Jun 2026) — Elilhaam Group, Dubai, UAE

- Engineered enterprise full-stack portals and API middleware integrating core business logic with third-party payment gateways.
- Built responsive, accessible UI modules in modern React and JavaScript with rigorous test coverage.
- Governed cloud systems administration, Nginx reverse proxy configuration, and SSL/TLS certificate management.

Junior Application Developer — Appzia Tech (Jan 2024 – Sep 2024)

- Developed and published peer-to-peer real-time communication modules, secure messaging, and WebRTC meeting rooms.

EDUCATION

- Master of Computer Applications (MCA) – Artificial Intelligence & Machine Learning | Jain University (2024–2026) | Grade: 91%
- Bachelor of Computer Applications (BCA) – Computer Science | Sri Krishna Adithya College of Arts and Science (2021–2024) | Grade: 85%

CERTIFICATIONS & ACHIEVEMENTS

Google Project Management Professional Certificate. 3-Year BCA Merit Scholarship, Recognition for Technological Innovation & App Development, Sudhesi Iyakkam Award.
